Matthew Henry's Commentary on the Whole Bible: Volume II–I - First Kings to Esther

Matthew Flinders Zondervan

In becoming the first European to circumnavigate Australia, Matthew Flinders made a significant contribution to the understanding of the continent. His voyages helped link the Old and New Worlds, and his ship, the Investigator, was instrumental in the exploration of the trans-Pacific region. Flinders' voyages were not just scientific expeditions; they were also crucial in establishing diplomatic and economic relations between the British Empire and the newly discovered lands.
